

Welcome to another edition of GIDIP Disa-Bulletin. In this issue, Your GIDIP Board of Trustees' focus is to highlight GIDIP Process

GIDIP COVERAGE WHILE ON AN APPROVED LEAVE OF ABSENCE OR LAY-OFF

If you are granted a leave of absence or in the event of a temporary lay-off exceeding thirty (30) consecutive days, coverage will be continued for a period of up to twelve (12) months (or as required by law) **if you prepay contributions (premiums) within thirty (30) days of the date such leave/lay-off begins.** Should you become disabled during your leave/lay-off, benefits will commence on the 8th day following your originally scheduled return to work date.

If you do not maintain your GIDIP coverage, it is important that you are aware that in the event you become disabled during your leave/lay-off period and you are unable to return to work on your expected return to work date, you will not be covered and coverage will not commence until such time as you actively and physically return to work for a minimum of **30 days***. Vacation and/or shift trades **are not considered actively and physically at work.**

RETURN TO WORK FOLLOWING GIDIP

Members have been experiencing delays when cleared to return to work on a gradual or modified basis as recommended by their physician. It is suggested that when you are cleared to return to work on a gradual or modified basis, your physician should provide thirty (30) days' notice in order to enable the Plan Administrator to coordinate your return to work with the Employer.

If your physician recommends a return to work in a "permanent accommodation" you must contact your District Chair and Occupational Health Services (OHS). Our Plan Administrator will advise the Employer of your recommended return to work plan; unfortunately however, the Plan Administrator cannot arbitrarily approve or support a "permanent accommodation".
